

# SWITCH USB3.0 10/100/1000M Network Adapter Specifications

## Product Features:

1. This product is an USB3.0 10/100 / 1000M wired network adapter.
2. Compatible with Console: SWITCH / WII / WII U / PC / Notebook / TV Box / Computer Expansion Base / Smart Home Appliances and any embedded system with standard USB port.
3. Support USB3.0 & 1000Mbps high-speed transmission; ASIX AX88179 chip solution.
4. Driver-free means you no need to install the driver and you just need plug and play.
5. Perfectly compatible with USB2.0 / 1.1 / 1.0 10M / 100M / 1000M and support automatic adjustment.
6. Support switch / windows /VISTA/win7/win8/win8.1/win10/Mac/IOS/ANDROID operating system.
7. Suitable for the environment without wireless network or poor signal.
8. Wired network with higher speed, lowest delay and fast speed for on-machine battle, provides the best gaming experience for gamer.
9. Compatible with IEEE802.3 / 802.3u / 802.3ab / IEEE802.3az, 10Base-TX / 100Base-TX / 1000BASE-TX protocol.
10. Supports dynamic cable length detection and dynamic power adjustment Green Ethernet (Gigabit mode only).
11. Support duplex, half-duplex and half-duplex operation in Fast Ethernet.
12. Supports jumbo packet up to 9KB.
13. Supports USB Super/High/Full Speed modes with Bus-power or Self-power device auto-detect Capability.
14. Supports IPv4/IPv6 packet Checksum Offload Engine and TCP Large Send Offload.
15. Support wake-on-LAN function and advanced power management features.
16. Supports automatic MDIX (automatic detection for direct and cross-network cables).
17. High-quality black case. Rug, beauty and fashion.
18. Compact shape and easy to carry for use

## Product Parameters:

1. Color Black: HS-SW320

### 2. Parameters:

Size: 68.5 \* 23.5 \* 16.5 mm

Weight: 0.050kg

Material: Aluminum Alloy

Color: Black

### 3. Electrical Parameters:

Compatible with Console	SWITCH Console/PC and so on
Operating Voltage	DC5V

HonSon Group Electronic Co.,LTD

Data Transmission	10/100/1000Mbps automatic adjustment.
Output Port	USB 3.0
Input Port	RJ45 Network Port
Cable Length	200mm
Duplex,	10BaseT, 100BaseTX, 1000BaseT
Half-duplex	10BaseT, 100BaseTX
Support Protocol	IEEE802.3/ 802.3u/802.3ab/IEEE802.3az, 10Base-TX/100Base-TX/1000BASE-TX protocol
IP Setting Mode	Dynamic or Static IP
Working Temperature	0° C - +70°

#### 4. Packaging Parameters:

Single Packing Weight: 0.090kg  
 Color Box Size: 215 \* 127 \* 26 mm  
 Packing Quantity: set / box  
 Packing Size:  
 Gross Weight:

#### 5. Information: Instruction, Specification, AX88179QF\_SGS\_ROHS\_report

#### 6. Operation Guide:

- 1) Connect the Switch original dock with power cable and related video cables, put the Switch game console on its dock, and turn on the power switch of the console.
- 2) Insert the adapter USB plug into any USB port on the dock of the Switch console.
- 3) Insert the network cable into the RJ-45 universal network port of this product correctly.
- 4) Use the Switch controller to select the wired connection in the Switch console system.
- 5) Use the Switch remote controller to select the corresponding interface according to your needs, then enter the game or upgrade the console, download, etc., to easily enjoy surfing the Internet.
